

REVELATIONS

(Written 2004)

I have taken wings, and I have flown to the sea
And all along the way, Your hand has guided
I have wasted lifetimes with worry and toil
When everything I need, You have provided
Your grace is sufficient to complete what You will
And even in my weakness, You love me still

chorus: Praise the Lord, praise Your Holiness unto the heavens
Praise the Lord, for Your grace and for Your revelations
You will guide me in these days, my Lord, praise

Days go by like minutes, and months like days
It seems as though we never can quite finish
But there are plenty hours in just one day
For the entire will of God to be accomplished
If we teach the children in the way that they should go
Then when they've grown they will not turn from
The prince of peace they've known

chorus: Praise the lord, praise His holiness unto the heavens
Praise the Lord, for His grace and for His revelations
He will guide us in these days, our Lord, praise

So we pray, oh Lord, for wisdom, to discern Your will
That our lives may be driven by Your purpose
That we would care for those we find along the way
Preparing well to share Your love that saved us

**Come quickly Lord Jesus, again we pray
We don't need to know the future,
To do Your will today**

**chorus: Praise the Lord, praise Your holiness unto the heavens
Praise the Lord, for Your grace and for Your revelations
You will guide us in these days, Yahweh, praise
You will guide us in these days, Jehovah, praise
You will guide us in these days, our Lord, praise**
